## Champagne

### **Charles Heidsieck Brut Reserve, Champagne, France**

*Champagne, located in the north of France, with its cool climate and famed chalky soil, makes the most famous sparkling wines in the world. Charles Heidsieck, established in 1851 by entrepreneur Charles-Camille Heidsieck, is today one of the region's most admired Houses. Production of this multi-vintage wine is overseen by "chef de cave" Cyril Brun, and is a blend of Pinot Noir, Pinot Meunier and Chardonnay. Remarkably, over 40% of the blend is made up of older reserve wines which gives Charles Heidsieck its distinctive complexity, richness and maturity. These attributes have ensured that their Brut Réserve has been the standout performer at many of the top international wine competitions in recent years.*

## White

### **2022 J. Moreau & Fils Gloire de Chablis, Burgundy, France**

*2022 J. Moreau & Fils Gloire de Chablis is a pristine expression of classic Chablis. Its elegant pale gold hue hints at refined purity, while the nose bursts with vibrant aromas of mandarin and pineapple intertwined with soft nuances of fresh almonds. On the palate, it unfolds with a crisp acidity, a touch of citrus, and a saline, mineral-driven finish that lingers with chalky precision.*

*Hailing from the Chablis appellation in Burgundy, France, this wine is nurtured on soils—rich in limestone. These unique terroir characteristics imbue the wine with its signature flinty minerality and vibrant freshness, reflecting centuries of winemaking tradition in one of Burgundy's most celebrated regions.*

### **2022 Pulpo Albarino Rias Baixas Spain**

*The wine world has been searching for an alternative to New Zealand Sauvignon Blanc for a generation. A wine that is snappy, fresh, citrusy, and thirst-quenching—was it only New Zealand that could do this? Surprisingly, the most likely contender for this fruity, cool-climate style comes from an unexpected source: one of Europe's hottest countries—Spain.*

*Yes, 90% of Spain is hot—perhaps even 95%. But there is one small corner of the country, nestled in its northwestern tip, where the climate tells a different story. Battered by Atlantic gales and drenched in sea spray and mist, this area is known as Green Spain—Galicia.*

*Here, in a maritime zone called Rias Baixas, Spain's coolest and wettest spot, they grow the zesty, tangy Albariño grape. These challenging conditions shape a wine with the scent of green apple blossoms, flavors of dry golden plums and lemon pith, and a distinct flicker of sea salt carried in by the Atlantic winds.*

### **2022 Vickery Watervale Riesling, Clare Valley, Australia**

*South Australia is home to some of Australia's greatest Rieslings. These long-living wines are dry, aromatic, and delicious. Some of the greatest of all have been made by iconic winemaker John Vickery who began his career in the 1950s. In 2007, John was awarded an Order of Australia for his service to the wine industry and in particular the development of innovative methods of Riesling production. He was a true legend and had input into the making this 2022 Vickery Riesling before his death in September 2023. Made from grapes grown in Clare Valley north of Adelaide, this wine is hyper-fresh, with classic limey, citrus notes and a dry finish. A wonderful wine of purity and elegance – an Australian classic from a Master.*

### Red

#### **2020 Château Grand Moulin Macquin, Montagne-Saint-Emilion, Bordeaux**

*Château Grand Moulin Macquin is situated on the hilltop with eastern exposure, just a stone throw away from the village of St-Emilion. Since 1779, the Rambeaud family maintains a passion for working the land and the vine in particular. Purchased in 1948 by the grandfather of Francois Rambeaud, it has been family-owned for four generations. The wine is fine and seductive, with a very delicate hint of oak that reinforces the fruit and the terroir. Superb exposure to the sunlight allows for an excellent maturation of the grapes and seeds, providing the basis for a very natural vinification.*

OR

#### **2018 Chateau Loudenne, Medoc, France**

*Chateau Loudenne is truly a magical place. Its vineyards stretch across the last of the great gravel banks, from which the finest Medoc reds are born, with the Chateau sitting right on the water edge of the Gironde Estuary. The building is painted an alluring pink, and for generations since the 19th century, it has been known as the 'Party Centre' of the Bordeaux wine world. I've stood in the glowing sunset, glass in hand, gazing across the lawn to the Gironde, and thought — nothing could improve on this. Fortunately, the wine matches the location. There is a local saying: the best vineyards can see the Gironde—and Loudenne's sweep right down to the reedy banks. This red is always easy to drink but has recently developed greater depth. In the 2018 vintage, the flavor is dark, juicy, and ripe, with a warmth spreading across the palate like melting chocolate.*

#### **2021 Quinta do Portal Colheita, Douro, Portugal**

*People often ask: Will there be a new classic red wine region in Europe? The answer is yes, and it won't be in Spain, Italy, or France—it'll be in Portugal, a country with an unbelievable treasure trove of superb wines yet to be discovered. This fabulous red comes from the Douro Valley in northern Portugal, a region long famous for producing rich, sweet Port wines, but only recently showing that its thrillingly steep, terraced vineyards can also create outstanding dry reds using the same grape varieties as the Port producers. This is a tremendous red—warm and ripe, packed with lush red plum fruit, layered with chocolate, and sharpened by cranberry acidity with a touch of sea salt caramel.*
